

# CONGRATULATIONS SENIORS CLASS OF 2022

This publication dedicated to Morro Bay High School and  
Cambria's Coast Union High School Class of 2022

## To the Graduates of 2022

Congratulations on this big step into the next phase of your life! I hope you are planning exuberant celebrations with family, friends and loved ones – you certainly deserve it!

I bet you realize that messages delivered on the occasion of a graduation traditionally have a certain sameness to them. They're typically a celebration of how far you've come in learning about the world, an encouragement to choose your own path forward from here, an exhortation to give back to your community, a charge to seek higher purpose in your life.

All good thoughts, sincerely offered – but do those ideas even apply in the wider world you're about to enter?

To say the world is unsettled would be a major understatement. You have come of age during an unprecedented pandemic that has not only threatened our health, but also strained the bonds of community. In the midst of that, we have had to confront racism, climate change, economic uncertainty, and most recently, the scourge of gun violence.

What strikes me about the Class of 2022 is that while your school journey has been shaped by these remarkably chaotic times, you have persevered. It hasn't been easy – and I know some have struggled greatly – but I'm impressed by your resilience and know that as a group, you've acquired tools to deal with the world.

During the years you've spent in school, you've had to deal with lots of different people and you've forged relationships, some of which could last a lifetime. You've been introduced to bodies of knowledge that are crucial to understanding our current world and our possible futures. That effort may have been immediately rewarding – or not: yeah, I know people can be difficult and that algebra is

considered by some to be ridiculous.

Overall, though, I think you've come to know what's right and wrong about our world better than most give you credit for. In those of you I've met, I also see an emerging sense that community is fundamentally important.

In that we should all find great optimism: That sense of connectedness is a good sign for your individual and our collective future. I've seen some of you offer wonderful acts of kindness to others and I've heard some lay out big plans to work on our most challenging issues. That's hugely encouraging!

Those expressions of humanity and hope are the seeds for a better future. With your help, we can figure out our big problems – the challenging issues like housing, health-care, the economy, and the environment – if we understand what sounds like a simple truism: We're all better off when we're all better off.

Sounds simplistic, but the deeper meaning is important – that every person's struggles affect us all and we can only succeed together. I have confidence you understand that at some deep level and for that we all should be grateful.

Once again, congratulations! Here's to you all, as you launch the next chapter of your lives!

Bruce Gibson

## Principal's Message to Class of 2022

The Class of 2022 has accomplished true greatness at Morro Bay High School, and now it is time for them to shine their brilliance on the rest of the world.

Our Seniors continue to outscore both state and national averages on the SAT and ACT College Admissions Tests, many will use their incredible AP scores to bypass freshman course requirements and move more quickly into their major and onto their chosen career. In this class, over 70 students have earned over a 4.0 GPA. Much of the Class of 2022 both meets AND exceeds the requirements for admission to a 4 year university and many of our best and very brightest, many of our most accomplished students will choose to begin their post high school education at a California Community College.

Here are a few of the accomplishments of the MBHS Class of 2022

This class has earned more than \$171,000 in local scholarship awards.

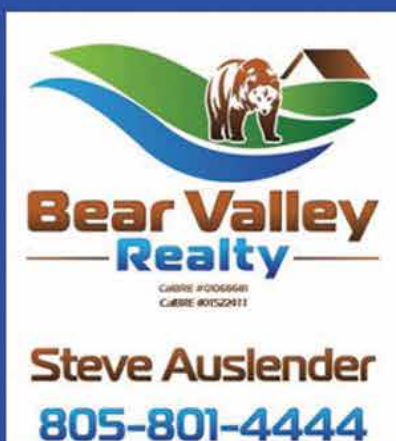

Over 70 students have a 4.0 GPA or better

147 students will continue their education at a Community College, with many of these students having been

accepted to universities, but making the best decision, financially and personally, for themselves.

67 students who have decided to enroll at 4-year universities. Here is a brief list of some of the universities that MBHS seniors will attend next year: San Diego State, San Francisco State, Long Beach State, Sonoma State, Cal Berkeley, UCLA, Northeastern, Gonzaga, University of Michigan, University of Alabama, Montana State University, Arizona State University, California Lutheran University, Oregon State University, Pacific University, UC

Santa Cruz, UC Santa Barbara, Saint Mary's College, Azusa Pacific University and, of course, Cal Poly SLO.

11 of our students intend to play sports at the collegiate level, including 5 at the Division 1 level.

1 of our students has made the courageous decision to serve our country in the United States Army.

158 out of 228 students in the class of 2022 have completed at least one CTE (Career Technical Education) pathway, in one of our 14 different focus areas. 60 students have completed 2 pathways. 18 have completed 3 path-

ways, and an outstanding 3 students completed 4 pathways.

Class of 2022, I personally thank you. I know I speak for our entire staff when I thank you for an amazing 4 years. You have exceeded every expectation. Once again, my heartfelt Congratulations!!!

## Message From Principal Arrigoni

Having started as the principal of Coast Union High School in January, I have not had much time with the graduating class; but in the short time I have known them I am amazed by their character and accomplishments. The class of 2022 has persevered through almost two years of distance learning due to school closures from COVID. I am proud that the class of 2022 was able to spend their final year at CUHS on campus and were able to have a traditional senior year experience.

The class of 2022 has 46 graduating seniors and all have made amazing accomplishments in a variety of ways including academics, FFA, sports, mock trial, cyber security and career technical education (CTE). Eighteen students will attend four year colleges or

universities after graduation including: Cal Poly, Cal State-Fullerton, Cal State-Sonoma, Cal State-Stanislaus, Cal State-Chico, UC Davis, UC Berkeley, UC Santa Cruz and Azusa Pacific. Twenty-eight seniors plan on attending community college. Due to the generosity of the Cambria community and civic organizations, our graduates received \$131,000 in community scholarships. Coast students have also received the following county scholarships: Yeager Science Award \$23,000, Northern California Scholarship Foundation Award \$32,000, Kristin Smart Award \$4,500, and Richard Weyrich Leadership Award \$4,500.

I am so proud of them and am honored to be their principal. I wish you the best in your future and you will always be a Bronco.

Edward J. Arrigoni  
Principal, Coast Union High School
